

Learn how to create an account with an access code

Pearson Places brings all of Pearson's digital learning tools into one, easily accessible, online location. Before you start using it to plan and learn, you'll need to create an account.

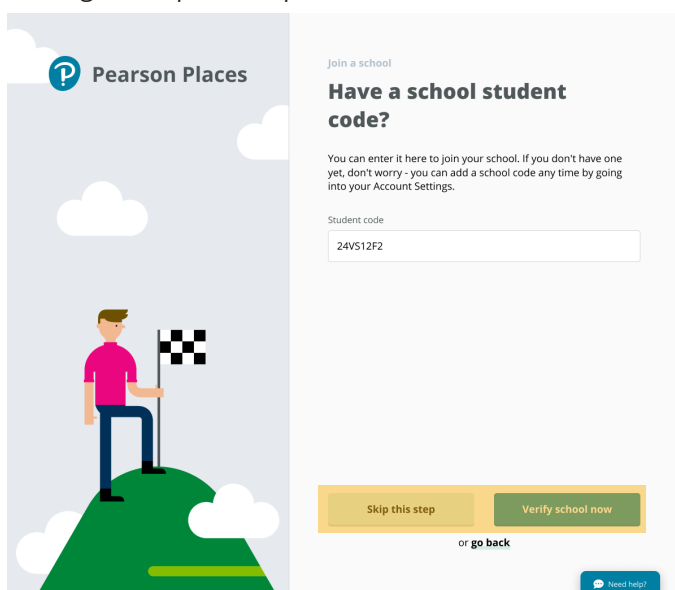

In this guide, you'll learn how to set up an account using the access code you received on your access card or via email. Once you set up your account you'll be able to access your eBooks and other learning resources.

1. Go to pearsonplaces.com.au/activate
2. Enter your school email to verify your account.
3. Click on the 'Get started' button.
4. If there are no accounts with your email detected, you will see the create account page.
5. Click the 'Sign up as a Student' button
6. Enter your first name, last name, school email, password and check the agreement for the terms of services.
7. Click on 'Next'.

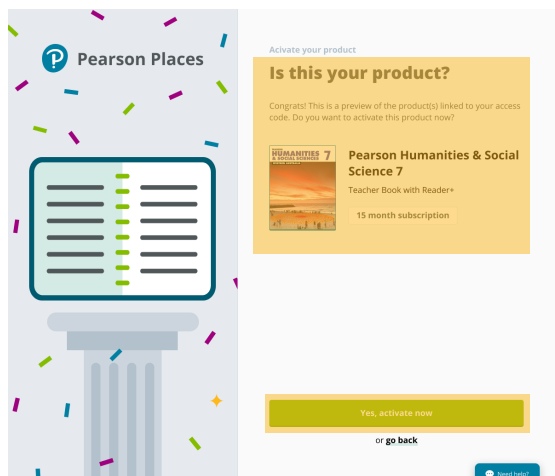

8. Enter your student code for your school.
9. Click on 'Verify school now'.

If you don't have a student code, you can skip this step by clicking on 'Skip this step'.

10. If you have a 12 digit access code type it in here.
If you don't have an access code click on 'Skip for now'.
11. Press the 'Verify product' button.

12. Confirm the details of the title you are activating and click on 'Yes, activate now'.

13. Your account will be created and you will be directed to your account with your eBook ready to use in your bookshelf.

FAQs

I got a message saying 'Awesome! Looks like you already have an account'.

You can log to Pearson Places from this screen. If you forgot your password just click on 'password' and follow the prompts to reset your password.

How do I find my student code?

Your student code links your account to your school. To find out your student code just ask your teacher.

We're here to help. So if you have any more queries please reach out to us via livechat or using the details below.
